Eleventh Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons (NPT)

27 April – 22 May 2026 at United Nations Headquarters in New York

UNITED NATIONS, 3 April 2026 – The Eleventh Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons (NPT) will be held at United Nations Headquarters in New York, from 27 April to 22 May 2026. The President-designate of the Eleventh Review Conference is Ambassador Do Hung Viet of Viet Nam.

The NPT entered into force in 1970 and was extended indefinitely in 1995. The Treaty is regarded as the cornerstone of the global nuclear disarmament and non-proliferation regime. It was designed to prevent the proliferation of nuclear weapons, to further nuclear disarmament and to promote cooperation in the peaceful uses of nuclear energy.

Conferences to review the operation of the Treaty have been held at five-year intervals since the Treaty went into effect in 1970. While States Parties have consistently sought to achieve consensus on an outcome document, doing so has become increasingly challenging in recent cycles.

Opening segment

The Eleventh Review Conference will open on Monday 27 April 2026 at 10:00 AM in the General Assembly Hall at the United Nations Headquarters in New York. Media representatives may follow the meeting from the press gallery of the General Assembly Hall.
